

How the Bedrock System
enabled Little School to

REDUCE BUSINESS RISK

A key person,
**running critical
processes**,
departed the
business under
unexpected
circumstances

SITUATION

"A key staff member
left, but **the process
didn't leave with them.**

Our sales pipeline can
continue virtually
uninterrupted - the
process is clear and can
be followed by anyone -
it's all there"

Business continuity risk
= **ZERO**

Time required to
train someone new
= **45 MINS**

Owner/team stress
= **LOW**
